HENNGE Co., Ltd.

〒 150-0036 東京都渋谷区南平台町16番28号 Daiwa 渋谷スクエア

Dear Hennge's Hiring Manager:

I am writing to express my interest in the **Global Internship Program (Batch 4)** at **HENNGE**. As an experienced software developer, I am excited about the company's vision of "Liberation of Technology" and your commitment to bridging the gap between ideal and reality in the IT world.

In my previous roles, I have contributed to the development of cutting-edge software products, and I believe my skills and experience align with HENNGE's goal of delivering unique and innovative technology to a wide range of customers.

I am particularly drawn to HENNGE's values of "Eat the green fruit to stay an early adopter" and "Make mistakes early." As a passionate technologist, I constantly seek out new technologies and experiment with different approaches. I strongly believe in the importance of embracing new ideas and learning from our mistakes to drive innovation.

HENNGE's commitment to accelerating the shift to SaaS for companies and strengthening businesses resonates with me, and I am eager to contribute to this mission. I am impressed by the success of "HENNGE One" and the company's No. 1 market share in the cloud security field. I am excited about the prospect of joining a team at the forefront of developing solutions that are transforming how we work.

As someone who has experience working in different cultures, I am eager to bring my skills and experience to HENNGE's team in Japan. I am confident that my ability to communicate effectively and work collaboratively with people from diverse backgrounds will be an asset to the company.

Thanks for considering my application. I am looking forwards to hearing and learning more about this exciting opportunity.

Sincerely,

KHEANG KIM ANG
